Mr. Buenaventura,

The Committee on Political Education Local 2222 met earlier to discuss all political matters and endorsements. The committee concurred that we must support those who support us. As a labor union, we believe in improving the lives of all working families. I.B.E.W. 2222 is proud to support you. We wish you much success and thank you again for your commitment to our members and their families.

Sincerely,

Brendan Keogh
