Dear Member of Boston Pipefitters Local 537,

We want to make sure you know that our union is supporting Joel Buenaventura for City Council in Quincy Ward 4 in the Special Election on February 7th. Joel is a union attorney at NAGE, representing public employees.

Joel understands how important it is to build an economy that works for everyone - not just the wealthy and well connected. As City Councilor, he will have the passion and experience to be a fierce advocate for the working people of this district.

Joel understands the crucial role public employees play in our communities. He will fight to prevent the privatization of public services. He will fight to stop the skyrocketing cost of health care for public employees and retirees living on a fixed income. And, he will advocate for important investments in public transportation and education.

Joel is committed to creating quality union construction jobs by advocating for Project Labor Agreements, ensuring prevailing wage, and by rebuilding schools, roads, and bridges that will put building trades members to work and give our communities the infrastructure they deserve.

Please remember to vote for Joel Buenaventura for City Council in the Special Election on February 7th. Please call us with any questions. Thank you.

In Solidarity,

Sincerely

Daniel E. Coady
